

**07-09
JULY 2023**

DUBAI WORLD TRADE CENTRE, DUBAI, UAE

1ST INTERNATIONAL CARDIAC CONGRESS

CARDIACON 2023

THEME:

REVEALING INNOVATIONS IN CARDIOLOGY
FOR A HEALTHIER HEART

WELCOME MESSAGE!

Dear Friends,

Warm greetings from 1st International Cardiac Congress 2023, Dubai!

We would like to extend an invitation to you for an international cardiac congress to be held from 07 - 09, July 2023 at the Dubai World Trade Center. The center is renowned as one of the best convention centers in Asia and will be the venue for our conference. The conference will focus on advancements in Cardiology, Cardiac Surgery, Critical Cardiac Care, Heart Failure & Heart Transplant.

The purpose of the conference, CARDIACON 23, is to bring together experts from various fields of cardiac care to share the latest and most innovative advancements. We have invited acclaimed authorities as the Chairpersons for each talk, and their take-home-messages will undoubtedly be a huge boost to your clinical practice in cardiac care.

CARDIACON 23 provides a splendid opportunity for all of us to network, exchange ideas, and spend quality time with our friends and colleagues from around the world. The conference aims to augment our collective knowledge and to reinvent innovations in cardiac care.

We hope you will join us for what promises to be an exciting meeting.

Best regards,
Organizing Committee
CARDIACON 2023

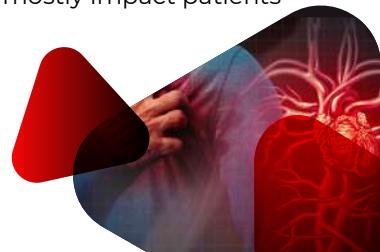

ABOUT CARDIACON 2023

This global colloquium will highlight the theme "Revealing Innovations in Cardiology for a Healthier Heart". By majorly focusing on Code Blue Rescue as the First Responder in Cardiac Emergencies during Golden Hour, it will aim to highlight scientific innovations, emphasize major milestones in the current cardiac scenario, showcase latest clinical trials, and bring forth recent advances in cardiology research and cardiac related fields. Gene based medicines and technologies, device supports and innovative stem cell procedures are on the forefront of a technological revolution in cardiology. These cutting-edge developments represent the start of a technological revolution in cardiac care that will play a key role in clinical practice in not too distant a future.

The three-day Cardiac Medical Congress - CARDIACON 23 will elucidate the major trends and advancements in the field of Cardiology, Heart Failure, Heart Transplant, Artificial Hearts and Xenotransplantation. We will be having eminent researchers, cardiologists, cardiac surgeons from across the globe chairing and speaking in the conference sessions. To give an academic boost we invite all healthcare professionals, residents, medical students and nurses to attend and benefit from this learning feast. CARDIACON-2023 will feature a dedicated forum for keynote sessions, guest lectures, oral and poster presentations. With people from all over the world focused on discovering a few answers in the field, this is your finest chance to meet and collaborate with the most dedicated and distinguished people from medical centres, universities, heart associations, and top-notch cardiac experts. We sincerely hope that you attend CARDIACON-2023 and avail of this great opportunity to learn, discuss and keep abreast of the new technology and innovative methods in your field of expertise.

TOPICS WILL FOCUS ON:

- Sudden Cardiac Death and Life-Threatening Arrhythmias in Cardiac Sarcoidosis
- Can remotely monitored data from CIEDs be used to dynamically stratify patients with a high and low risk of imminent hospitalization?
- Long-term cardiac abnormality in individuals with mild initial COVID-19
- LV Apical Aneurysms in HCM: A high risk phenotype?
- Any benefit of adding Allopurinol to usual care for Ischemic Heart Disease?
- Acetazolamide in Acute Decompensated HF with volume overload: Useful or just an add on?
- Bereavement and Prognosis in Heart Failure
- Is FFRCT planner is accurate and precise for predicting FFR following PCI?
- First-line type 2 diabetes treatment: SGLT2i or Metformin?
- Screening for A-Fib using wearable devices: Cost-Effective?
- "Is Atherosclerosis truly an inflammatory disease?"
- "Stages of Cardiogenic Shock: relevance in its detection and management"
- "VT Ablation: Tips and Tricks of the trade"
- "Benefit of IVUS - clinical evidence coupled with case studies"
- "Calcium Screening and CTA: a necessary preventive preamble?"
- "Will primary prevention ICDs mostly impact patients with EF >35%?"

DUBAI

مركز دبي التجاري العالمي
DUBAI WORLD TRADE CENTRE

About Venue

DWTC - Dubai World Trade Centre

The Dubai World Trade Centre (DWTC), historically called Sheikh Rashid Tower, is a 38-storey and a height 184 m skyscraper in Dubai, United Arab Emirates, which was erected in 1979. It is a purpose-built complex for events and exhibitions. The building is featured on the 100 dirham bank note.

With over 1.3 million square feet of covered exhibition and event space, comprising 21 halls and over 40 meeting rooms across 3 floors, Dubai World Trade Centre hosts over 500 events annually. In 2015, the venue held 396 trade events and welcomed over 2.74 million visitors.

WHY SPONSOR ?

Take advantage of our sponsorship opportunities for training and demonstrations, exhibits, and symposiums at this world congress. Make your products and services known to your target audience.

- 1** CARDIACON 23 offers your organization a unique opportunity to reach, network, and collaborate with a wide range of delegates & leaders from more than 60+ countries, across multiple sectors.
- 2** Besides displaying your products and services, you can also benefit from developing and nurturing new business leads
- 3** Feature your organization's responsibility toward the advancement of this science
- 4** Drive traffic (audience) to your exhibition booth and accomplish numerous business opportunities
- 5** This opportunity provides you with the greatest advantages and benefits for the money you spend.
- 6** Benefit from a profoundly designated showcasing effort and marketing campaign
- 7** Reach potential customers/clients.
- 8** Incorporate media relations as part of your public relations program
- 9** Advance, Promote and Enhance the brand.
